Welcome to the Competition Pack for the LTA Summer County Cup Event. It is hoped the following information will help answer any questions you have about the Event.

LTA County Cup Events give players the opportunity of representing their counties in a competitive team environment and the age groups range from 9U through to adult categories.

The LTA Summer County Cup Event is possibly the oldest tennis event on the domestic calendar with Gloucestershire men being the winners back in 1895 and Surrey winning the first ladies event in 1899.

Event Details –

The forty-four competing counties are organised in six groups of six counties per group and two groups of eight counties on a league basis.

Group 1 is the premier group with the men's and ladies' teams playing at Devonshire Park, Eastbourne with the top counties in this group winning the Championships. The other groups play at 12 grass court venues throughout the country and the leading two counties in both men's & ladies' groups 2 to 7 inclusive being promoted to the group above them. The bottom two teams are relegated to the group below except, of course, those in Group 7.

Each county team consists of three doubles pairs. Over the five days of the Championships, each county plays every other county in its group. Each match consists of every pair in one team meeting every pair in the other over the best of three tie-break sets, thus making nine rubbers in each match. The team scoring the most rubbers wins by a score which can vary from 5-4 to 9-0.

Counties may nominate a minimum of 6 and a maximum of 10 players.

The Order of Play is outlined later in this pack

General –

No complaint in connection with the LTA Summer County Cup Event can be entertained by the LTA unless lodged in writing with the LTA's Officiating Development Manager at Officiatingsupport@lta.org.uk within 48 hours of the occurrence of the cause of the complaint (please see LTA Competition Regulation 8.1).

Groups 1 to 6 - Each County shall play one match against each other county over 5 days.

Group 7 - Each County shall play one match against each other County in the same Section, followed by an Inter-Section Stage in which the Counties placed first and second in each Section shall then play one match against each of the Counties placed first and second in the other Section; and the Counties placed third and fourth in each Section shall play one match against each of the Counties placed third and fourth in the other Section.

2. Final nominations must be submitted to the Referee 30 minutes before the start of play on the first day. Counties should nominate a minimum of 6 and maximum of 10 players for the event.
3. Each match shall consist of nine doubles rubbers. All rubbers shall be the best of three tie break sets.
4. Daily nominations must be submitted to the Referee 15 minutes before the start of play on each day. The Team Captain shall nominate the team in pair order, plus 2 substitutes. Each pair shall play against each pair of the opposing team.
5. At set breaks, Team Captains, or nominated deputy, are allowed to communicate with their players within the permitted two minute break.
6. If any player is absent when called upon to play by the Referee the opponents shall be entitled to two love sets. If in any rubber one or more player(s) are absent from each pair, the rubber shall be void.
7. If any player is unable to start a rubber, he/she may be replaced by a nominated substitute. It will be a straight substitution and the pairs may not be reordered. The player being substituted shall take no further part in the match. A player who is defaulted may not be substituted.
8. If a player is unable to complete a rubber that has started due to injury, sickness or disqualification the opposing pair shall be awarded the requisite number of games to win the rubber. If the player is subsequently fit to start the next rubber, he/she may do so; if not Regulation 7 applies.
9. If any County fails to field at least two pairs on any day (unless for exceptional circumstances, as decided by the Event Director), all their matches in the competition shall be declared null and void and they shall finish bottom of the group.
10. If any County fields an ineligible player, all rubbers contested by that player shall be awarded to the opposition by a score of 6-0 6-0.
11. If a match in progress cannot be finished or a scheduled match has been unable to start on any day, it shall be completed on the following day before the start of the scheduled match for that day. In order to complete all matches, the use of abbreviated scoring should be considered for complete rounds of unfinished matches and, if necessary, the scheduled matches for that day.
12. If there are still unfinished matches at the close of play on the final day, the result of the matches shall be determined by the rubbers that have been completed providing one or two rounds of the day's programme have been completed in all matches of the group or section at that venue. Second round rubbers will only count if all second round rubbers of all matches at that venue have been completed. If no play is possible or fewer than 3 rubbers have been completed in any match at any venue, the results of all the matches for that day at that venue shall be declared null and void.
13. The Referee may order any match or part of a match to be played on a surface other than grass.
14. A team is awarded 1 point for each rubber won.

15. The team with the most rubber points shall win the match. A team will receive 2 match points on the league table for a match win.

Under no circumstances should rubbers be conceded. If under the terms of Regulation 12 less than nine rubbers shall have been completed, the match shall be decided:

- (a) By the majority of counting rubbers won; or
- (b) If there is equality of rubbers, by the majority of sets (in counting rubbers) won; or
- (c) If there is equality of rubbers and sets, by the majority of games (in counting rubbers) won.
- (c) If there is equality of rubbers, sets and games, the match shall be tied with each team scoring one match point.

16. The final standings in each Group or Section shall be determined by the following:

- (a) The team with the greatest number of match points.
- (b) If match points are equal, the team with the greatest number of rubber points.
- (c) If only two teams are level on match points and rubber points; their head to head result.
- (d) If more than two teams are level, the percentage of sets won out of sets played (if after this calculation, only two teams remain level, their head to head result will be used to break the tie).
- (e) If more than two teams are level, the percentage of games won out of games played (if after this calculation, only two teams remain level, their head to head result will be used to break the tie).

17. In a group of more than six Counties the first four places shall be allotted to the Counties placed first and second in their respective sections, these four places to be dependent on the results of all matches played between those four Counties (ie in each case one match within the section and two matches in the inter-section stage). The remaining places in the group shall likewise be allotted to the Counties not placed first or second in their section, according to all matches played between the four or three Counties concerned.

18. Each year, the Event Director shall rearrange the Counties in each group as follows;

- (a) In Men's & Ladies' Groups 1-7 the Counties which finish first and second shall be placed in the group immediately above the one in which they last competed (except Group 1).
- (b) The Counties which finish respectively last and last but one (other than Men's & Ladies' Group 7) shall be placed in the group immediately below the one in which they last competed.
- (c) In Men's & Ladies' Group 7 one section shall comprise the Counties standing 2nd, 3rd, 6th and 7th and the other section the remainder.

19. Each year, the Event Director may rearrange the number of Counties in all groups, other than Groups 1 and 2, in such manner as they may deem necessary, and for the purpose of such arrangement may promote to a higher group or relegate to a lower group more than two Counties; provided that in such promotion or relegation the order of precedence established by the previous competition is strictly maintained.

20. In the event of any two or more Counties in the same group or section entering and failing to compete, the final order of their precedence in the group or section as between each other shall be determined by the Event Director.

21. If no play is possible in any group for the duration of the Event, the Event Director shall decide the promotion and relegation of Counties for the following year, whether a Champion County can be declared or to declare the competition void.
